

# Women's Ministry

## Trusting Hearts

With a new year of ministry we find ourselves in a whole new chapter of Women's Ministry. This June, Wesleyan Women voted at the Summit: Living in Hope Conference, to change the structure of Wesleyan Women. Women's Ministry is still alive!

We are excited about the opportunities this change will have for the ladies in the Shenandoah District. Every church will have the opportunity to create their own ladies ministry that will match the vision, purpose and goals of their individual church. Local directors are being asked to meet with their pastors to create a ladies ministry that can support the women of the church, women in the community and women around the world. The leadership team of our district is working with Pastor Greg Reynolds, our district superintendent, to create our Shenandoah Women's Ministry Plan. Please pray for the leadership team as we seek the heart of the Lord for Shenandoah ladies.

In the Winter Newsletter we will be announcing several dates for the leadership team to travel around our district to help you during these changes. In the meantime, if you have questions or concerns please contact Christy either by email ([cvansteenburg.ladies@gmail.com](mailto:cvansteenburg.ladies@gmail.com)) or on her cell phone ([540\)239-1042](tel:540239-1042).

## Annual Fee??? Registration Fee??

There are NO more fees. Wesleyan Women has some wonderful resources that you can choose to purchase. I encourage you to check out their resources!

## Book Club

This year we are recommending a couple of books for your reading pleasure. I want to challenge you to find a lady or a couple of ladies to read with and build relationships while sharing a good book!

## Annual Projects

This year we have provided you with recommended projects. As you create your "new" local women's ministry you can have the freedom to support projects that your church supports or that you have a passion for. We are more than happy to provide you with ideas for projects (and that is why we have made some suggestions).

There are NO longer mandatory projects.
